

Medical

Wouldn't it be nice to be able to shop hundreds of insurance companies with one agent! We propose only the top rated companies in the Michigan for the features that are important to you. Company ratings are just the beginning. We also select companies based on Claims Paying Ability, Customer Service, Ease of Claims Filing, and Network Representation of local doctors and hospitals for PPO, POS, and HMO Plans.

Dental

Looking for Dental Insurance? We offer a wide selection of quality dental plans and provide you with side-by-side comparisons to make your decision.

Life Insurance

Group life insurance plans provide financial support for plan members and their families in the event of the death of a breadwinner. The amount of life insurance available is usually based on a flat amount or a multiple of earnings. Group life coverage is often offered without medical evidence of insurability.

Disability

Group Disability benefit programs provide important advantages to companies and their employees. The plans provide employers with the means for controlling disability-related costs, while helping employees protect two of their most valuable assets - their paycheck and their ability to earn one.

ASSURANT

Prescription Drugs

Self-Funded Plans available through our Pharmacy Benefit Managers contain several great features. Co-insurance levels can be tailored to suit each customer. Drugs are dispensed at less than wholesale prices. Only one dispensing fee will be charged. The client may also select the co-payments for the mail-order program. Client can choose specific inclusion or exclusion of all drugs within the National Drug Code file.
